3175 E. Lincoln Road Idaho Falls, ID 83401  
Phone: 208-525-4445  

Lance Miller, Principal  
Jennie Likes, Counselor
MISSION STATEMENT

STUDENT SUCCESS BY DESIGN

VISION STATEMENT

Developing confident learners who read critically, write effectively, solve complex problems accurately, and share talents fearlessly.

WE BELIEVE

• Student needs come first.
• All individuals will learn and meet high expectations.
• Quality educators make the difference.
• Emotional and physical safety are essential.
• We value and treat everyone in the school community with dignity and respect.
• We welcome parents as partners in the education of their children.
• We value the community as a contributor to our success.
Welcome to Lincoln High School!

Lincoln High School is an alternative high school designed to meet the needs of students who have struggled to find success in the traditional high school setting. The school year is divided into six tracks. Each track is approximately six weeks in length. There are three (3) classes each track and each class period is 1.25 hours long. This allows students to earn two credits every track and 18 credits in a school year.

Prospective students must meet at least three (3) of the following eligibility requirements to attend Lincoln High School:

An At-Risk youth is any secondary student grade seven through twelve (7-12) who meets any three (3) of the following criteria in column A, or any one (1) criteria in column B.

<table>
<thead>
<tr>
<th>A</th>
<th>B</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 Has repeated at least one (1) grade</td>
<td>1 Has documented or pattern of substance abuse</td>
</tr>
<tr>
<td>2 Has absenteeism that is greater than 10 percent (10%) during the preceding semester</td>
<td>2 Is pregnant or a parent</td>
</tr>
<tr>
<td>3 Has an overall grade point average that is less than 1.5 (4.0 scale) prior to enrolling in an alternative secondary program</td>
<td>3 Is an emancipated youth or unaccompanied youth.</td>
</tr>
<tr>
<td>4 Has failed one (1) or more academic subjects in the past year.</td>
<td>4 Is a previous dropout.</td>
</tr>
<tr>
<td>5 Is below proficient, based on local criteria and/or standardized tests.</td>
<td>5 Has serious personal, emotional, or medical problems.</td>
</tr>
<tr>
<td>6 Is two (2) or more semester credits per year behind the rate required to graduate.</td>
<td>6 Is a court or agency referral.</td>
</tr>
<tr>
<td>7 Has attended three or more schools within the previous two years not including dual enrollment.</td>
<td>7 Demonstrates behavior that is detrimental to their academic progress.</td>
</tr>

Students at Lincoln High School are expected to abide by a strict code of conduct as contained in the School Policy and the Bonneville School District Student Code of Conduct. The rules apply to all classroom and school activities. Disregard of any of the rules or procedures will result in a disciplinary referral to the administration. Violation of any policy may result in dismissal from Lincoln High School for either a specific period of time or for the remainder of the school year.

Lincoln High School Referrals

- Referrals may be given for any violation of LHS policies or the Bonneville Joint School District 93 Student Code of Conduct.
- Students may be suspended from school upon receiving any referral dependent upon the nature of the disciplinary referral.
- Students will be suspended from school upon receiving a third disciplinary referral in a Track.
- All class time missed due to a suspension from school will need to be made up as outlined in the attendance policy.

Attendance
If a student is going to be absent, the school must be notified on the day of the absence. A parent or guardian must call the school to verify the absence. Students are required to make up all class time missed after the 1st absence in a Track.

Tardiness
Tardiness will need to be made up minute for minute. Students will need to attend Study Hall for one hour if they are tardy a third time in a Track.

Cell Phone Use
Texting during class is not allowed! Cell phone use is not allowed in the classroom without teacher permission. Teachers may require students to turn their cell phones in at the beginning of the class period. Cell phones will be returned at the end of class that day.

No illegal drugs, drug paraphernalia, alcohol, energy drinks, pornographic materials or other unacceptable materials are allowed on campus.

Clothing must meet acceptable standards as outlined in the school policy and the Student Code of Conduct.

Driving to school is a privilege not a right. Failure to following the policy outlined for the parking lot may result in the student losing the privilege of driving to school.
**Tobacco Products/Vaping Products**
Students may not have any tobacco products on campus. Pursuant to Federal law, the use, possession, concealment, delivery, or distribution of any nicotine innovations is prohibited. Possession by a minor is illegal and will be referred to legal authorities.

**Visitors**
Visitors must check in with the office upon arrival on school grounds and receive a visitor’s pass. Visitors who do not check in through the office may be cited for trespassing. A student who has been dropped from Lincoln High School may not be on school grounds at any time.
**eCenter**

The eCenter is a versatile online learning classroom on the Lincoln High School campus. It is built to serve individual students with various needs and is designed to help them earn credits at their own pace and progress towards earning a high school diploma. The eCenter classroom has 24 computers, is available for each of the three (3) class periods each track, and is staffed with adults that can assist the students in completing their courses.

**Connexus Online Courses**

Connexus Online Courses provide over 50 courses that have been aligned to Idaho State Standards. Student who enroll will work at their own pace to complete one class at a time. Through the self-paced curriculum, students can make significant progress with minimal time on the system.

**Phoenix Advisory Groups**

Lincoln High School has a mandatory advisory class that every student who attends LHS must take. The goals of the advisory class are to 1) build student/teacher relationships; 2) increase the retention and graduation rates; 3) teach career skills that will help students with life after high school; and 4) help advise students at Lincoln. If a student does not want to be part of the advisory class, then Lincoln High School is probably not the right place for you.
### State of Idaho Graduation Requirements

To receive a high school diploma of graduation, a student must complete a minimum number of credits as determined by the Idaho State Board of Education. The number of credits required for each subject area is listed below:

<table>

Other requirements for graduation: ISAT English/Language, Math and End of Course Science must be taken. College Entrance Exam – ACT or SAT. Civics Assessment must be passed with a 60% or higher.
Idaho College Admissions Standards

Below is the minimum required standards for admission to public colleges and universities in Idaho. Students must submit scores from the Scholastic Aptitude Test (SAT) or the American College Test (ACT) before enrolling with these schools. Further, the applicant must be a graduate from a nationally accredited high school. All five high schools within Bonneville School District are nationally accredited. Check with the guidance counselor at your school to receive additional requirements for individual colleges or universities.

English – 8 credits
• The district requires the same for graduation.

Math – 6 credits
• Math credits may be obtained through a variety of courses. These courses include, but are not limited to, Algebra 1, Geometry, Algebra 2, Pre-Calculus, and Calculus.

Humanities/Foreign Language – 2 credits
• Credits that fulfill humanities can come from a wide diversity of courses. Students should check with the guidance counselor at their school to ensure which courses will count towards fulfillment of the humanities credits.

Social Sciences – 5 credits
• The district requirements satisfy this college standard.

Natural Sciences – 6 credits
• At least two (2) credits must involve laboratory science experience. It is advised that students who are continuing on to college pursue two more credits.

Other – 3 credits
• Speech or Debate
• Studio/Performing Arts (Arts, Dance, Drama, and Music) Advanced Foreign Language study
• Most Professional-Technical Education courses

Individual colleges and universities may have additional requirements. Contact the admissions office at the institution you are interested in for more information.
Technical College Admissions Standards

Idaho’s Technical College system offers applied technology programs in all six regions of the state. These programs are available at the following locations:

- College of Western Idaho, Nampa
- Professional/Technical Division, College of Southern Idaho, Twin Falls
- Eastern Idaho Technical College, Idaho Falls
- College of Technology, Idaho State University, Pocatello
- School of Technology, Lewis-Clark State College, Lewiston
- School of Applied Technology, North Idaho College, Coeur’Alene

BYU/Idaho also offers programs in applied technology

Regular admission leading to an AAS degree or certificate requires the following standards:

High School Diploma: with at least a 2.0 GPA

Placement Exam: ACT or SAT

Mathematics: 4 credits: from courses such as Algebra I, Geometry, Applied Math 1 and 2, Algebra 2, Trigonometry, Discrete Math, Statistics, Calculus or other higher level math courses. Two (2) mathematics credits must be taken as a junior or a senior.

Recommended: 6 credits for those seeking admission to technical programs

Natural Science: 4 credits: including at least two (2) credits of laboratory science from challenging science courses. Recommended: 6 credits for those seeking admission to technical programs

English: 8 credits: two (2) credits of Applied English in the Workplace may be counted for English credit.

Other: Professional-Technical courses, including tech prep sequences and organized work-based learning experiences connected to the school-based curriculum, are strongly recommended. Work-Release time not connected to the school-based curriculum will not apply to the requirement.
ENGLISH

Communications
Course No. COMM1002
Prerequisite: None
Open To: Grades 9 – 12
Credit: One (1) Track – 1 credit - Fills Communications Requirement
Content: This required course offers instruction in the communication process, human relation skills, listening skills, and speech preparation and delivery. The course prepares students to engage critically, constructively, and effectively in a wide range of communication situations. Intrapersonal, interpersonal, group, and public speaking skills will also be topics of instruction and presentation in class.

English 9
Course No. ENG1000 (A/B)
Prerequisite: None
Open To: Grades 9 – 12
Credit: Two (2) Tracks – 2 credits - Fills English Requirement
Content: This course emphasizes five-paragraph essay construction, exposition, preparation for basic grammar and usage concepts, and vocabulary. Students will use critical reading skills and respond to literature through class discussion and written response. Students will read novels outside the classroom. Styles of poetry will be read, discussed, and written.

English 10
Course No. ENG2000 (A/B)
Prerequisite: English 9
Open To: Grades 10 – 12
Credit: Two (2) Tracks – 2 credits - Fills English Requirement
Content: This course integrates the study of literature and language, including a review of grammar, daily language skills, and composition. Literature study focuses on world literature by genre and literary elements. Students will use critical reading skills and respond to literature through class discussion and written response. Students will read novels outside the classroom. Composition focuses on effective writing through a variety of essays and an MLA research paper.
**English 11**

Course No.  ENG3000 (A/B)  ISEE01003
Prerequisite:  English 10
Open To:  Grades 11 – 12
Credit:  Two (2) Tracks – 2 credits - Fills English Requirement
Content:  This course integrates the study of language, composition, and literature. Language study includes vocabulary, usage, and mechanics. Composition study focuses on further development of persuasive/analytical writing and an MLA research paper. Literature focuses on a variety of writers.

**English 12**

Course No.  ENG4000 (A/B)  ISEE01004
Prerequisite:  English 11
Open To:  Grade 12
Credit:  Two (2) Tracks – 2 credits - Fills English Requirement
Content:  English 12A: Students will develop personal writing skills citing specific examples from their lives or the novels/poetry the class is reading and analyzing. Students will study, reflect upon and discuss personal responsibility for their actions and their effects upon others and their environment. Focusing on sentence structure, as well as word choice, students will strengthen their writing by exploring the creative process to deliver their intended message. Also included are grammar exercises, vocabulary, resume writing and interview skills. Students will read a library book and produce a book report.

English 12B: Students will write a 6-8 page MLA style senior thesis/research paper. Students will also read a class novel and another novel of the students’ choice, taking quizzes and discussion of literary themes in the prose. Students will study spelling words, grammar, and pay special attention to learning the writing process. Work must be original. Plagiarism will result in a no pass for the class. This course must be completed before taking Senior Project.
### Gothic Literature: Monster Stories

<table>

<td>Grade 10-12</td>
<td></td>
</tr>
<tr>
<td>Credit:</td>
<td>One (1) Track – 1 credit - Fills English Requirement</td>
<td></td>
</tr>
<tr>
<td>Content:</td>
<td>From vampires to ghosts, these frightening stories have influenced fiction writers since the 18th century. This course will focus on the major themes found in Gothic literature and demonstrate how the core writing drivers produce, for the reader, a thrilling psychological environment. Terror versus horror, the influence of the supernatural, and descriptions of the difference between good and evil are just a few of the themes presented. By the time students have completed this course, they will have gained an understanding of, and appreciate for the complex nature of dark fiction.</td>
<td></td>

</tbody>
</table>
# MATHEMATICS

## Pre-Algebra

**Course No.**  MTH1003 (A/B)  
**Prerequisite:**  Below basic proficiency – Student must not have passed a higher-level math class  
Teacher recommendation  
**Open To:**  Grades 9 – 12  
**Credit:**  Two (2) Tracks – 2 credits - Fills Mathematics Credit  
**Content:**  This course is an introduction to algebraic concepts necessary for the study of Algebra 1. Students receive instruction in the use of variables, writing algebraic expressions, and solving and graphing equations.

## Algebra 1

**Course No.**  ALG1000 (A/B)  
**Prerequisite:**  None  
**Open To:**  Grades 9 – 11  
**Credit:**  Two (2) Tracks – 2 credits - Fills Mathematics Credit  
**Content:**  This course will cover the full Algebra I curriculum in one year. First semester content will include variables, rational numbers, solving equations and inequalities, graphs and functions, and linear equations and their graphs. In semester two, topics will include systems of equations and inequalities, exponents and exponential functions, polynomials and factoring, quadratic equations and functions, radical expressions and equations, and rational expressions and functions.

## Algebra 2

**Course No.**  ALG2000 (A/B)  
**Prerequisite:**  Completion of Algebra 1  
**Open To:**  Grades 10 – 12  
**Credit:**  Two (2) Tracks – 2 credits - Fills Mathematics or Elective Credit  
**Content:**  This course is designed to prepare students for pre-calculus and is the foundation for all advanced mathematics. Equations and inequalities, systems of equations and inequalities, exponents, polynomials, factoring complex numbers, radicals, logarithms, and introduction to trigonometry will be covered. Functions and their graphs will also be covered including linear, absolute value, quadratic and other polynomial functions, exponential, logarithmic, and rational functions. An introductory unit over probability and statistics is covered.
### Principles of Algebra & Geometry 1 & 2

**Course No.** MTH1015 (A/B)  
**Prerequisite:** Teacher recommendation  
**Open To:** Grades 9 - 10  
**Credit:** Two (2) Tracks – 2 credits - Fills Mathematics Credit  
**Content:** This course is the first year of the two-year tract for Algebra I. The first semester will cover variable, rational numbers, solving equations and inequalities, and functions and graphs. The second semester will include linear equations and their graphs, systems of equations and inequalities, exponents and exponential functions, and polynomials and factoring.

*Note: This course meets the math graduation requirement for the State of Idaho, but does not meet the NCAA math requirement.*

### Principles of Algebra & Geometry 3 & 4

**Course No.** ALG1002 (A/B)  
**Prerequisite:** Teacher recommendation  
**Open To:** Grades 10 – 11  
**Credit:** Two (2) Tracks – 2 credits - Fills Mathematics Credit  
**Content:** This course is the second year of the two-year tract for Algebra I and will include some Geometric content. The first semester will contain review of Principles of Algebra and Geometry 2 and also cover quadratic equations and functions, radical expressions and equations, and rational expressions and functions. The second semester will introduce basic geometric concepts such as patterns and sequences, logic, geometric constructions, parallel and perpendicular lines, and scaling and proportion. *Note: This course meets the math graduation requirement for the State of Idaho, but does not meet the NCAA math requirement.*

### Geometry

**Course No.** GEOM1000 (A/B)  
**Prerequisite:** Completion of Algebra 1  
**Open To:** Grades 9 – 12  
**Credit:** Two (2) Tracks – 2 credits - Fills Mathematics Credit  
**Content:** This course covers the material of classical Euclidean (planar) geometry. Special emphasis is given to the development of deductive logical reasoning and proofs. Students will study points, lines, planes, angles and measurements, triangles, polygons, circles, spheres, areas, volumes, and trigonometric relations.
Financial Algebra
Course No. MTH1011 (A/B) ISEE02157
Prerequisite: Teacher recommendation
Open To: Grade 12
Credit: Two (2) Tracks – 2 credits - Fills Mathematics Credit
Content: This course builds on prior knowledge from previous algebra courses to develop step by step strategies to learn the time value of money, evaluate cell phone contracts, and build business plans by knowing costs, profits, breakeven points and more. Problems are application based using real-life scenarios. Topics include investing, banking, credit, taxes, insurance and more. This class will strengthen algebra and problem-solving skills and introduce advanced mathematics topics such as piecewise functions, regression, limits, exponential functions, linear/quadratic systems, and more.

Integrated Math I
Course No. ELE1088 (A/B) ISEE02061
Prerequisite: None
Open To: Grades 11 – 12
This course is only available at the eCenter.
Credit: 1 credit - Fills Math or Elective Credit
Content: This course teaches students how to simplify expressions and solve linear equations, introduces basic geometric terms and logic, reasoning, and proof and addresses linear equations in a graphical sense, and parallel and perpendicular lines, first from an algebraic perspective, followed by proving associated theorems using geometry. This course also teaches students how to solve proportions, use square roots, explore exponents, simplify polynomials, factor and solve quadratic equations, and apply these skills to geometry topics such as quadrilaterals, polygons, area, and volume.
### SCIENCE

#### Astronomy
- **Course No.:** SCI1019  
- **Prerequisite:** Algebra 1  
- **Open To:** 11 – 12  
- **Credit:** One (1) Track – 1 credit - Fills Lab Science or Elective Credit  
- **Content:** This course is designed to introduce students to the wonders of our universe. The class will begin by studying the earth and will move outwards into the expanding universe.

#### Biology
- **Course No.:** SCI1006 (A/B)  
- **Prerequisite:** None  
- **Open To:** Grades 10 – 12  
- **Credit:** Two (2) Tracks – 2 credits - Fills Lab Science or Elective Credit  
- **Content:** Students will use microscopes to study the properties of plant and animal cells. Cellular structure and function, cell processes such as photosynthesis, cellular respiration and reproduction will be investigated. Heredity, genetics, and Classification will be examined. The scientific process will be discussed. Students will be introduced to evolution, ecological principles, the anatomy of animals, and human biology. Microorganisms such as bacteria and viruses will be studied.

#### Environmental Science
- **Course No.:** SCI1015  
- **Prerequisite:** Biology with a grade of “C” or better is recommended  
- **Open To:** Grades 11 - 12  
- **Credit:** One (1) Track – 1 credit - Fills Science or Elective Credit  
- **Content:** This course will focus on global environmental problems as they relate to the local community. Students will learn the scientific principles necessary to understand and make decisions about environmental problems. Students will apply knowledge and skills to community projects and may be required.

SOCIAL STUDIES

American Government
Course No. GOV4000 (A/B) Prerequisite: None
Open To: Grade 12 Credit: Two (2) Tracks – 2 credits - Fills Government Requirement
Content: This course is designed to provide students with a survey of United States Government. The first half of the course will include units on general governmental principles, American political parties and the election process, and the US Constitution. The second half will focus on the legislative, executive, and judicial branches of both the national and state governments, and will include a look at civil rights and liberties.

U.S. History 11
Course No. US3000 (A/B) Prerequisite: None
Open To: Grades 11 – 12 Credit: Two (2) Tracks – 2 credits - Fills History or Elective Credit
Content: This course is designed to provide students with a survey of United States History beginning with the late nineteenth century and continuing through the late twentieth century. The first half of the course will begin with the New Industrial Age and will continue through the 1920’s. The second half will begin with the Great Depression and will continue through the 1990’s.
**HUMANITIES**

**Chorale**

**Course No.** HUM1045  
**Prerequisite:** None  
**Open To:** Grades 9 – 12  
**Credit:** One (1) Track – 1 credit - Fills Humanities or Elective Credit  
**Content:** This course is performance based. Students will learn the basics of reading music, including notation, dynamics, music staffs, and vocabulary. Proper techniques of posture and breathing for choral music will be taught. Concerts are performed for various groups throughout the community and for the student body.

**Creative Writing 1**

**Course No.** HUM1021  
**Prerequisite:** “C” or better in English classes  
**Open To:** Grades 9 – 12  
**Credit:** One (1) Track – 1 credit - Fills Humanities or Elective Credit  
**Content:** This course is designed to stimulate the use of imagination in expressive writing. By using various writing techniques, students will develop their own writing styles and create original poetry, fiction, and drama.

**History Through Film 1**

**Course No.** HUM1009  
**Prerequisite:** None  
**Open To:** Grades 9 – 12  
**Credit:** One (1) Tracks – 1 credit - Fills Humanities or Elective Credit  
**Content:** Covers US history westward expansion from 1865 until 1900. Films used reflect the culture of both the area in which they were set as well as those during the time of their production. Points of discussion are, the changes in American culture in regards to Civil rights movements, American Indian Movement, and Women’s rights movement.

**History Through Film 2**

**Course No.** HUM1073  
**Prerequisite:** None  
**Open To:** Grades 9 – 12  
**Credit:** One (1) Tracks – 1 credit - Fills Humanities or Elective Credit  
**Content:** Covers US history from World War I through the modern era. Films used reflect the culture of both the area in which they were set as well as those during the time of their production. Points of discussion include, the Cold War era of the 1950s. and America’s continuing struggle with civil rights.
Shakespeare

Course No. HUM1091
Prerequisite: None
Open To: Grades 9 – 12
Credit: One (1) Tracks – 1 credit - Fills Humanities, Elective Credit and English.

Content:
This course provides students with the opportunity to study Shakespeare’s plays and sonnets. Students will study a variety of Shakespeare’s tragedies, comedies, and romances, in addition to selected sonnets. Additionally, theater and the history of theater will be studied and students will be required to perform multiple Shakespearean scenes. There will be an emphasis on close reading, discussion, and universal themes. Students will prepare for and participate effectively in a range of conversations to express their ideas and learn from/build on the ideas of others. They will formally and informally present their knowledge and ideas through various writings and performances.

### Career Exploration

**Course No.:** ELE2018  
**Prerequisite:** N/A  
**Open To:** Grades 9 – 12  
**Credit:** One (1) Track – 1 credit - Fills Elective Credit  
**Content:** This course focuses on the young adult as an individual preparing for responsibilities related to the workplace. The student will gain self-awareness, career knowledge and exploration, higher education options, employability skills, leadership and management skills. It emphasizes career exploration and involves full-class participation, teamwork, individual projects and/or study.

### Street Law

**Course No.:** HUM1006  
**Prerequisite:** None  
**Open To:** Grades 9 – 12  
**Credit:** One (1) Track – 1 credit - Fills Humanities or Elective Credit  
**Content:** This course will focus on national, state and local legal systems. The content will be conveyed in a practical format to allow students to gain knowledge necessary to survive in our law-saturated society. Students will engage in the study of criminal, civil, contract, and family law in the classroom and community. A strong emphasis will be placed on Idaho criminal law and written work in the form of case studies.

### Student Council

**Course No.:** ELE1054 (A/B)  
**Prerequisite:** Elected student body officers and class presidents  
**Open To:** Grades 9 – 12  
**Credit:** Two (2) Tracks – 2 credits - Fills Elective Credit  
**Content:** This is a leadership class for student body officers and class presidents. Leadership and personal development skills will be taught. Time will be allowed to fulfill duties of each office. One of the student council’s main functions is production of the yearbook. Students must complete a minimum of 70 full hours after school to receive credit.
**Introduction to Computer Technology**

ADDITIONAL eCENTER COURSE OFFERINGS

**Anthropology I: Uncovering Human Mysteries**
Course No. ELE1014 ISEE04310
Prerequisite: None
Open To: Grades 9 – 12
Credit: 1 credit - Fills Elective Credit
Content: The aim of anthropology is to use a broad approach to gain an understanding of our past, present and future, and in addition, address the problems humans face in biological, social and cultural life. This course will explore the evolution, similarity and diversity of humankind through time. It will look at how we have evolved from a biologically and culturally weak species to one that has the ability to cause catastrophic change. Exciting online video journeys to different areas of the anthropological world are just one of the powerful learning tools utilized in this course.

**Anthropology II: More Human Mysteries Uncovered**
Course No. ELE1015 ISEE04310
Prerequisite: None
Open To: Grades 9 – 12
Credit: 1 credit - Fills Elective Credit
Content: Anthropology has helped us better understand cultures around the world and through different time periods. This course continues the study of global cultures and the ways that humans have made sense of their world. We will examine some of the ways that cultures have understood and given meaning to different stages of life and death. The course will also examine the creation of art within cultures and how cultures evolve and change over time. Finally, we will apply the concepts and insights learned from the study of anthropology to several cultures found in the world today.

**Hospitality & Tourism: Traveling the Globe**
Course No. ELE1078 ISEE16052
Prerequisite: None
Open To: Grades 9 – 12
Credit: 1 credit - Fills Elective Credit
Content: With greater disposable income and more opportunities for business travel, people are traversing the globe in growing numbers. As a result, hospitality and tourism is one of the fastest growing industries in the world. This course will introduce students to the hospitality and tourism industry, including hotel and restaurant management, cruise ships, spas, resorts, theme parks, and other areas. Student will learn about key hospitality issues, the development and management of tourist locations, event planning, marketing, and environmental issues related to leisure and travel. The course also examines current and future trends.
Forensic Science I: Secrets of the Dead
Course No. ELE1073 ISEE03201
Prerequisite: None
Open To: Grades 9 – 12
Credit: 1 credit - Fills Science or Elective Credit
Content: Fingerprints. Blood spatter. DNA analysis. The world of law enforcement is increasingly making use of techniques and knowledge from the sciences to better understand the crimes that are committed and to catch those individuals responsible. Forensic science applies scientific knowledge to the criminal justice system. This course focuses on some of the techniques and practices used by forensic scientists during a crime scene investigation (CSI). Starting with how clues and data are recorded and preserved, the student will follow evidence trails until the CSI goes to trial, examining how various elements of the crime scene are analyzed and processed.

Forensic Science II: More Secrets of the Dead
Course No. ELE1074 ISEE03201
Prerequisite: None
Open To: Grades 9 – 12
Credit: 1 credit - Fills Science or Elective Credit
Content: Although the crime scene represents the first step in solving crimes through forensic science, the crime laboratory plays a critical role in the analysis of evidence. This course focuses on the analysis of evidence and testing that takes place within this setting. We will examine some of the basic scientific principles and knowledge that guides forensic laboratory processes, such as those testing DNA, toxicology, and material analysis. Techniques such as microscopy, chromatography, odontology, entomology, mineralogy, and spectroscopy will be examined.

Gothic Literature: Monster Stories
Course No. ELE1075 ISEE01053
Prerequisite: None
Open To: Grades 9 – 12
Credit: 1 credit - Fills English or Elective Credit
Content: From vampires to ghosts, these frightening stories have influenced fiction writers since the 18th century. This course will focus on the major themes found in Gothic literature and demonstrate how the core writing drivers produce, for the reader, a thrilling psychological environment. Terror versus horror, the influence of the supernatural, and descriptions of the difference between good and evil are just a few of the themes presented. By the time students have completed this course, they will have gained an understanding of, and an appreciation for, the complex nature of dark fiction.
Human Geography: Our Global Identity

Course No.: ELE1079
Prerequisite: None
Open To: Grades 9 – 12
Credit: 1 credit - Fills Elective Credit
Content: How do language, religion, and landscape affect the physical environment? How do geography, weather, and location affect customs and lifestyle? Students will explore the diverse ways in which people affect the world around them and how they are affected by their surroundings. Students will discover how ideas spread and cultures form, and learn how beliefs and architecture are part of a larger culture complex. In addition to introducing students to the field of human geography, this course will teach students how to analyze humans and their environments.

Mythology and Folklore: Legendary Tales

Course No.: ELE1081
Prerequisite: None
Open To: Grades 9 – 12
Credit: 1 credit - Fills Humanities or Elective Credit
Content: Mighty heroes. Angry gods and goddesses. Cunning animals. Since the first people gathered around fires, mythology and folklore has been used as a way to make sense of humankind and our world. Beginning with an overview of mythology and different kinds of folklore, students will journey with ancient heroes as they slay dragons and outwit gods, follow fearless warrior women into battle, and watch as clever monsters outwit those stronger than themselves. They will explore the universality and social significance of myths and folklore, and see how these are still used to shape society today.
**Personal & Family Finance**

Course No. ELE1082 ISEE20005  
Prerequisite: None  
Open to: Grades 9-12  
Credit: One (1) track – One (1) credit  
Cost: N/A  
Content: How do our personal financial habits affect our financial future? How can we make smart decisions with our money in the areas of saving, spending, and investing? This course introduces students to basic financial habits such as setting financial goals, budgeting, and creating financial plans. Students will learn more about topics such as taxation, financial institutions, credit, and money management. The course also addresses how occupations and educational choices can influence personal financial planning, and how individuals can protect themselves from identity theft.

**Real World Parenting**

Course No. ELE1085 ISEE22204  
Prerequisite: None  
Open To: Grades 9 – 12  
Credit: 1 credit - Fills Humanities or Elective Credit  
Content: What is the best way to care for children and teach them self-confidence and a sense of responsibility? Parenting involves more than having a child and providing food and shelter. Learn what to prepare for, what to expect, and what vital steps parents can take to create the best environment for their children. Parenting roles and responsibilities, nurturing and protective environments for children, positive parenting strategies, and effective communication in parent/child relationships are some of the topics covered in this course.

**Social Problems I: A World in Crisis**

Course No. ELE1086 ISEE04258  
Prerequisite: None  
Open To: Grades 9 – 12  
Credit: 1 credit - Fills Humanities or Elective Credit  
Content: Students will become aware of the challenges faced by social groups, as well as learn about the complex relationship among societies, governments and the individual. Each unit is focused on a particular area of concern, often within a global context. Possible solutions at both the structural level as well as that of the individual will be examined. Students will not only learn more about how social problems affect them personally, but begin to develop the skills necessary to help make a difference in their own lives and communities—not to mention globally.

The Board of Education is committed to policy of non-discrimination in relation to race, religion, sex, age, national origin, disability, and other human differences. This policy will prevail in all matters concerning staff, students, the public, educational programs and employment practices.

It is the policy of the Board of Education not to discriminate against any otherwise qualified individual with a disability solely by reason of his/her disability, in admission to, or treatment of employment in, any program or activity.

It is the intent of the district to ensure that students who are disabled within the definition of section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled under this policy even though they do not require services pursuant to the Individuals With Disabilities Act (IDEA). Due process rights of student with disabilities and their parents under Section 504 will be enforced.
